Spiritual Growth

St. Mary's School teaches students to rely on God and put faith into action. Our school family consists of the parents too, and together we aspire to live out the gospels. While lessons are based in Catholicism, students of all faiths are welcomed and respected.

Student Support

St. Mary School is unique in the support we are able to offer our students. We want to challenge students to excel.

Did you know?

- Students rank in the top third of national standardized test scores
- Tuition is affordable, however financial assistance is available to those who qualify
- All-Day Pre-K and Kindergarten
- Before and after-school care is available

A Challenging, Integrated Curriculum

St. Mary provides a challenging, integrated curriculum which incorporates S.T.E.M. (Science, Technology, Engineering and Math). Our dedicated teachers are passionate about education and inspire students to succeed and become future leaders in the world.

21st Century Learning

Every teacher at St. Mary School receives regular training on the latest educational technology. Interactive White-boards are used in every classroom, and the technology throughout the school is regularly updated. We teach students to use technology responsibly, so they are digitally literate and proficient in 21st Century skills for High School and beyond.

Opportunities for Enrichment

Students have weekly art, music, character education, physical education, library and technology classes. Students in 5th through 8th grade have the opportunity to participate in before school clubs and after school activities.

Our students are surrounded by a caring, faith-based environment that allows them to grow and prepare for high school and beyond!

A Complete Education
